Kick-Off Meeting
GOALS, SCOPE & DELIVERABLES

PROPOSED GOALS

- To identify **challenges that enterprise users face** when operationalizing Besu for enterprise use cases
- To define new features and enhancements that drive alignment between Besu and **enterprise-level requirements**

PROPOSED SCOPE

- **Use-case agnostic enterprise features** and **non-functional requirements** that code contributors of Besu can leverage for future releases of Besu
- Recommended **practices for enterprise users** of Besu for adopting nodes and/or running networks

PROPOSED DELIVERABLES

- A prioritized and detailed list of **enhancements** of existing features of Besu
- A prioritized and detailed list of **new features** of Besu
- A prioritized and detailed list of **technical limitations** of Besu
- A list of **recommended practices** of Besu for enterprise use cases

IMPORTANT
A survey / poll will be sent to collect feedback and suggestions **for future discussion** (Date: TBC)

Kick-Off Meeting
Q2 2024 MILESTONES

APRIL 2024	MAY 2024	JUNE 2024

APRIL 2024

- A **survey to the community** sent to get feedback and suggestions from members of the workgroup
- **Results of the survey shared** for review and discussion in the 2nd WG General Meeting
- Alignment for **scope & 2024 deliverables** achieved amongst members of the workgroup

MAY 2024

- Kick-Off **at least 2 sub-WGs** for key topics of interest. For example:
  - Privacy Enhancements
  - Enterprise Distributed Network Recommendation
- Kick-Off discussions around a **Grants Program** for enterprise features for Besu
- Attend the **event on May** (HL Besu for Finance Workshop)

JUNE 2024

- Progress or a **deliverable from sub-WGs shared** with the members of the workgroup
- An **enhancement or a new feature selected** for the Grants Program (Stretched Goal)
- The number of **members actively contributing** is no less than 34%

IMPORTANT
A survey / poll will be sent to collect feedback and suggestions **for future discussion** (Date: TBC)
