Antitrust Policy Notice

Linux Foundation meetings involve participation by industry competitors, and it is the intention of the Linux Foundation to conduct all of its activities in accordance with applicable antitrust and competition laws. It is therefore extremely important that attendees adhere to meeting agendas, and be aware of, and not participate in, any activities that are prohibited under applicable US state, federal or foreign antitrust and competition laws.

Examples of types of actions that are prohibited at Linux Foundation meetings and in connection with Linux Foundation activities are described in the Linux Foundation Antitrust Policy available at http://www.linuxfoundation.org/antitrust-policy. If you have questions about these matters, please contact your company counsel, or if you are a member of the Linux Foundation, feel free to contact Andrew Updegrove of the firm of Gesmer Updegrove LLP, which provides legal counsel to the Linux Foundation.

HYPERLEDGER
BLOCKCHAIN TECHNOLOGIES FOR BUSINESS

Code of Conduct

All Hyperledger community members must adhere to
the Hyperledger Code of Conduct

Agenda

1. Introductions
2. Updates
3. Working Group: Identus and DApps
4. Architecture Decision Records
5. Open Issues
6. Q&A

1. Introduction and participants

Any new participants to welcome?

2. Updates

- Identus was voted by the TOC to be an Hyperledger Project (Incubating status).
  - Not publicly announced yet
  - Work to be done around the logo
  - Expect some changes in the repositories
    - identus (main repo)
    - identus-cloud-agent (Old OEA)
    - identus-mediator
    - And so on...

3. Working Group to Explore the use of Identus in DApps

- Explore how Identus can be leveraged within decentralized applications (dApps).
- The goal is to create a reference model, maybe a PoC, for incorporating SSI capabilities in decentralized applications.
- Light Touch: Maintain an informal tone to encourage free-flowing ideas
- Start date TDB (After the repos are migrated)

3. Architecture Decision Records
