

HYPERLEDGER Healthcare SPECIAL INTEREST GROUP

Hyperledger is a non-profit consortium of the Linux Foundation, advancing enterprise-grade business blockchain technologies through open source, open community collaboration

HC-SIG General Meeting Guest Presentation

Jenny Wanger, Director of Programs, LFPH

August 4th, 2021
1000 - 1100 Eastern

The past year and a half have made it clear just how critical our public health infrastructure is to everyone's wellbeing. Join Jenny Wanger, Director of Programs at Linux Foundation Public Health, for a discussion around some of the biggest challenges - and therefore opportunities - facing the space. Join a discussion around which of these has the greatest potential for DLTs.
