Agenda

- **What is a SIG?**
- **What is the Capital Market SIG?**
- **Why should one get involved?**
- **Our Resources**
- **Topics From Last Year**
- **Roadmap**
- **Q&A**

HYPERLEDGER

Mission

The Capital Markets Special Interest Group (CMSIG) represents industry professionals working together to study how Hyperledger DLTs interact with Capital Markets use cases.

HYPERLEDGER

Capital Markets

Capital Markets are a way to connect investors and borrowers for long term provision of capital. Funds from investors are put to productive use in enterprises. Investors or lenders can be individuals or other entities. Borrowers are companies and governments. Usually the Finance View.

HYPERLEDGER

Why should you get involved?

- Discover like-minded people
- Keep up with the space
- Give back
