Covid-19 Vaccination Certificate and Side Effects Reports

**Comply with National and International
Protocols for a safe return**

Record and follow-up on (Hard Copy) paper

Mexico has a serious problem of registering and monitoring the information of citizens vaccinated against Covid-19. All records are not digitized, they are captured by hand and on paper, with the possibility of having considerable margins of error.

**Covid 19
Data Gathered January 14th, 2022**

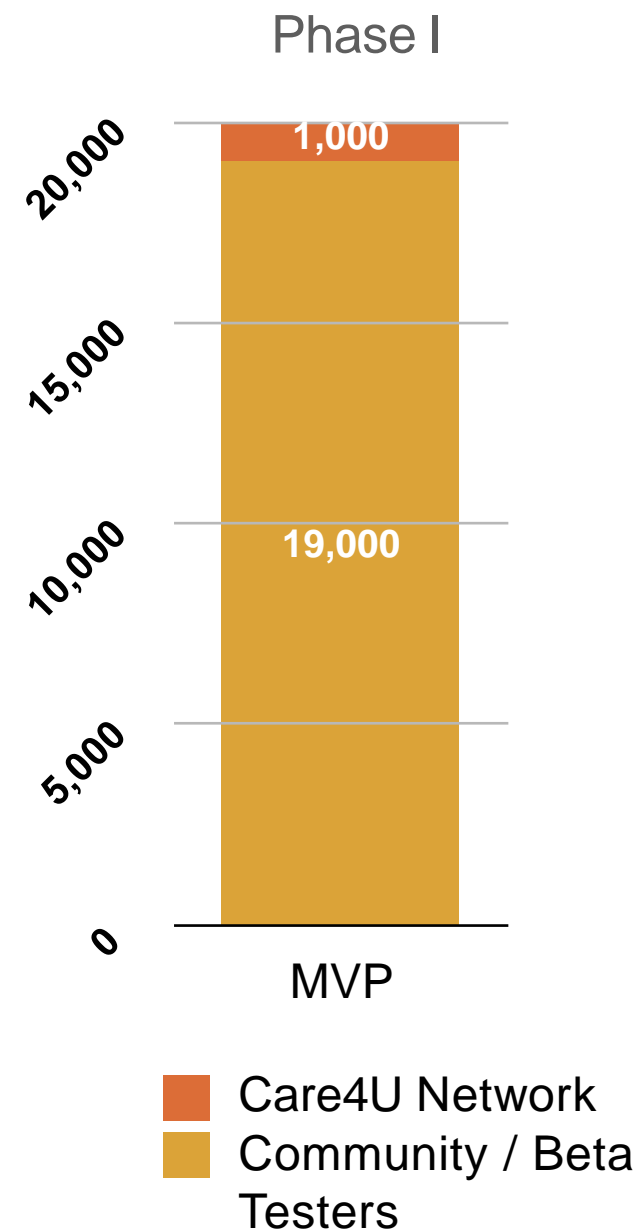

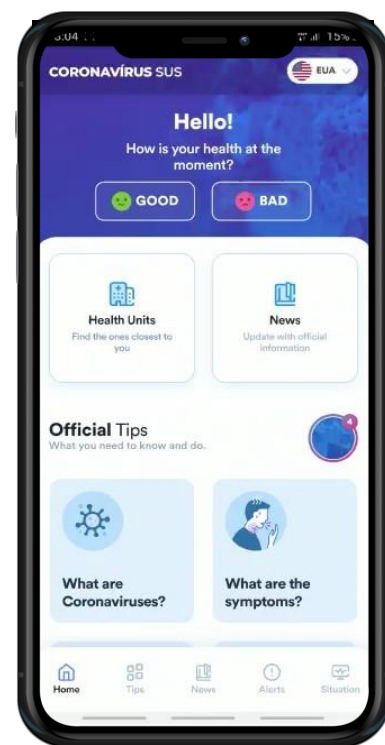

#	Country	Infected	Deaths	% Deaths / Infected
Total*	Worldwide	321,737,292	5,542,202	1.7%
Oficial*	México	4,257,776	300,912	7.06%
INEGI-SS**	México	4,257,776	455,576	10.69%

Country	Population	Total Dose	Fully Vaccinated People	% Vaccinated / Population
México*	130,449,344	148,938,454	72,846,741	57.00%
