Healthcare SIG

De sc rip tion	The Hyperledger Healthcare Special Interest Group (HC-SIG) represents an international membership of healthcare and technology professionals united in advancing the state of the healthcare industry through the implementation of enterprise-grade technology solutions utilizing the Hyperledger greenhouse of business blockchain frameworks and tools

The Healthcare Special Interest Group (HC-SIG) fosters technical and business-level conversations about appropriate applications for blockchain technology in the healthcare industry.

- New member orientation : FAQs (PDF)
- Governance : Charter (PDF), Policies (LF antitrust, HL antitrust), Plans, Quarterly reports (Q3-18)
- Management : Risks, Issues, Change control

Stakeholders, Activities & Resources

- HC-SIG Membership Directory
- Stakeholders : People, Groups, Organizations

    - Ad hoc work teams : Wiki redesign team, Academic research team, Charter review team

- Activities

    - Governance : Charter review (Draft)
    - Planning

        - Academic research partnerships planning (Draft)
        - Healthcare SIG planning : Payor Subgroup planning, Patient Subgroup planning, Technical Subgroup planning
    - Marketing & Communications

        - Whitepapers : Membership Collaborations
        - Events : Hyperledger Global Forum 2018, Distributed Health 2018, AsiaPac HIMSS Innovation Challenge 2018
    - Challenges

        - NIST Differential privacy synthetic data challenge
        - Kidney X Redesign Dialysis Prize Competition
    - Domain analysis : Human milk services, Pre-authorization services, Provider credentialing services
    - Technical solutions

        - Hyperledger Labs : Human Milk POC (Proposal) (Code repository) (JIRA project)

- Resources

    - Primary data : Interviews, Surveys
    - Knowledge resources

        - Journals : Studies, Reviews
        - Policy resources : Evidence base
        - Publications : Whitepapers, Articles, News, Editorials, Blogs, Podcasts
        - Websites
    - Analytical models

        - Household services ecosystem model, Lifespan-oriented services model
        - Human milk services catalog, Human milk services model
        - Blockchain selection framework, Divergent incentives analysis
    - Design models

Group & Subgroup Communications
