New TSC Working Group Update

Charter:

Please see [Charter](#) for the full text of the charter.

The working group may form task forces or subgroups to complete or present a set of training materials for a particular topic or topics. The material developed by the **Learning Materials Development Working Group** will be open sourced using the licenses specified by the Hyperledger Charter ([Apache License, Version 2.0](#) and [Creative Commons Attribution 4.0 International License](#)). This material will be open for others to use in their training courses and events.

Description

The Learning Materials Development working group reports to the Hyperledger Technical Steering Committee. It is focused on developing open source training material (licensed as specified by the [Hyperledger Charter](#)) to educate people interested in expanding their knowledge of Hyperledger and its projects. The working group will consult with other Hyperledger working groups, Hyperledger team members, and the project maintainers to identify training needs and develop strategies, as well as, material to address those needs. The output of this working group will be targeted towards both technical and non-technical audiences.
