2019-12-11 Meeting Notes

1. Some technical difficulties—we are having calendar issues. Hart will talk to Dave.
2. Next meeting would be Christmas—cancelled.
3. Should we move some of the signatures in zmix to Ursa?
4. Mike: almost done with RFC for hardware APIs.
5. Mike: almost ready for a “3.0” (0.3) release. Should be happening soon.
6. Lots of questions about a Go interface.
7. FIPS certification?
8. Lovesh: explanation of bulletproofs stuff?
