Public Sector SIG

https://lists.hyperledger.org/g/public-sector-sig/

Meeting Information

See charter for more details.

Meeting schedule: Biweekly, Fridays at 3 PM UK time. See the Calendar of Public Meetings for the next meeting time.

Join from PC, Mac, Linux, iOS or Android: https://zoom.us/my/hyperledger.community

Or iPhone one-tap:

US: +16465588656,,4034983298# or +16699006833,,4034983298#

Or Telephone:

Dial (for higher quality, dial a number based on your current location):

US: +1 646 558 8656 or +1 669 900 6833 or +1 855 880 1246 (Toll Free) or +1 877 369 0926 (Toll Free)

Meeting ID: 403 498 3298

International numbers available: https://zoom.us/u/bAaJoyznp

Leadership

Dr. Hanna C. Norberg, Founder & CEO, TradeEconomista, trade.economista@gmail.com

Saptarshi Choudhury, Director Emerging Technologies, Paramount Software Solutions, saptarshi@parmountsoft.net

Hyperledger Point of Contact: Dr Marta Piekarska, Director of Ecosystem, Hyperledger, mpiekarska@linuxfoundation.org

Please JOIN the mailing list here.

Charter and FAQ

Scope

The activities of the Public-SIG include:

- identifying related use cases, current pilots, and proofs of concept;
- sharing stories of successes, failures, opportunities, and challenges;
- exploring cross-cutting concerns like security, privacy, and identity in government contexts;
- identifying existing or needed common critical software components that would serve the particular needs of the public sector;
- identifying conferences or other opportunities to connect face to face, as well as submit talks or present as a group at an event.
This activity will be automatically recorded in email archives when conducted over the mailing list. When this activity is conducted in other media, it will be captured as notes or other formats and posted to the list (so it is archived), or possibly to the Hyperledger Wiki. This activity might also be turned into reports from the Special Interest group (recommendations to the rest of Hyperledger, for example) or other kinds of content (blog posts, content for publications, etc).

The Public Sector SIG is prohibited from performing or engaging in any form of lobbying or attempts to influence government policy-making or regulatory processes. It is also not intended as a platform for procurement of services.

**Work Products**

The initial work product will be a set of documents which analyze the space of government and regulatory use cases for blockchain technology. This will be an inventory of example use cases which captures common government processes, which may suggest applications that are built or could be built using software being developed at Hyperledger. The public-sector-sig may also host in-person meetings intended to accelerate the Special Interest Group's mission.

**Communication Tools**

- public-sector-sig mailing list
- #public-sector-sig chat channel
