

Meeting agenda for EASIG community call 03/26/2020

Hi All,

I hope all of you and your loved ones are well and healthy during this global pandemic. Since we have cancelled our last scheduled call per Phil Long's email notice, I intend to keep our tomorrow's call as scheduled with the following proposed meeting agenda:

1. How are we coping with COVID-19? (Members who are willing to share);
2. What are the potential opportunities for blockchain in education now with many schools (both K-12 and post-secondary) closed and moving classes online? (All)
3. A 2020 Perspective on Blockchain Technology by BeyondSkills (Feng Hou)
4. Member updates (Members)

Please add anything that you may want to discuss or share.

Thanks and stay well!

Feng

Chair, EASIG
