

Identity WG Implementers Call

The Hyperledger Identity WG Implementers Call coordinates status and dependencies between projects building verifiable credentials and identity components. This meeting was formerly known as the [Indy WG](#) call before the Aries project launch.

This call is held every other Thursday at 8AM US Pacific, 16H London, 18H Moscow, 20:30 New Delhi

<https://zoom.us/j/244779296>

This call covers low lever technical details required to implement identity solutions. There is an additional call every other Wednesday that focuses on high level conceptual work. The meeting information is on the main [Identity Working Group](#) page.

Meeting Agendas and Notes

2020-07-30 Identity WG Implementers Call

Today's Call

- Project updates
- Matr Presentation – Kyle Den Hartog

2020-07-16 Identity WG Implementers Call

Planned

- Project updates
- Kiva Presentation – Horacio Nunez

2020-07-02 Identity WG Implementers Call

Planned

- Project updates
- SOIP Presentation – Oliver Terbu
 - Slides

2020-06-18 Identity WG Implementers Call

Planned

- Project updates
- Open Discussion

2020-06-04 Identity WG Implementers Call

Planned

- Project updates

2020-05-21 Identity WG Implementers Call

Planned

- Project updates

2020-04-23 Identity WG Implementers Call

Planned

- Project updates

2020-04-09 Identity WG Implementers Call

Planned

- Project updates

2020-03-26 Identity WG Implementers Call

- Project updates
- Kiva Demo – presentation by Cam Parra

2020-03-12 Identity WG Implementers Call

- Project updates
- Transaction Authorship and GDPR compliance.
- Demo of ACAPy and Aries Toolbox

2020-02-27 Identity WG Implementers Call

- Project updates
- Aries Toolbox

2020-02-13 Identity WG Implementers Call

- Project updates
- Discussion of Aries-Framework-Ruby

2020-01-30 Identity WG Implementers Call

- Project updates
- Demo of Aries-Framework-DotNet

2020-01-16 Identity WG Implementers Call

- Project updates
- Selecting future presenters

2019-12-19 Identity WG Implementers Call

- Project updates
- Pico Labs demo

2019-12-05 Identity WG Implementers Call

- Project updates
- Update from Aries connect-a-thon

2019-11-21 Identity WG Implementers Call

- Project updates
- Overlays Data Capture Architecture (ODCA)

2019-11-07 Identity WG Implementers Call

- Project updates
- BC.gov OIDC demo

2019-10-24 Identity WG Implementers Call

- Project updates
- Demo of the Connect.Me and OIDC SIOP
- Discussion of IIW and Maintainer Summit

2019-10-10 Identity WG Implementers Call

- Project updates
- Demo of the Agent Toolbox

2019-09-26 Identity WG Implementers Call

- Project updates
- The future of Indy and progress on Aries
- Attributes of a DID
- Planning future calls

2019-09-12 Identity WG Implementers Call

Planned topics:

- Project updates
- Open Discussion

2019-08-29 Identity WG Implementers Call

Planned topics:

- Project updates

- Aries SDK Architecture
- Open Discussion

2019-08-15 Identity WG Implementers Call

Planned topics:

- Project updates
- Indy performance testing
- GitLab CI/CD Migration Discussion

2019-08-01 Identity WG Implementers Call

Project updates

GitLab CI/CD Migration Demo

2019-07-25 Identity WG Implementers Call

Should this call be every week or every other week

Roadmap coordination between projects

Open Discussion
