

# Meetings

Meetings are held on a regular basis and anyone is welcome to join one or to read notes or watch the recordings of past calls. The calls are also open forums, so feel free to add items to the agenda by adding them to the wiki page of an upcoming meeting or suggesting agenda topics at the start of a call. Click on the meeting pages in the navigation are to see details about specific meetings.

All Hyperledger meetings are run covered by the following [Antitrust Policy](#).
