Technical Working Group China

**Description**
The Technical Working Group China (TWG China, or TWGC) is a bridge between the global Hyperledger community, and the emerging technical user and contributor community in China and the greater China region, including Hong Kong and Taiwan.

Please see Charter for the full text of the charter.

**Scope**
The Technical Working Group China is responsible for growing the Hyperledger developer community in China by responding to new user questions, helping with first-level triage of community-reported bugs or other issues, helping demonstrate to new developers how to report bugs or fire pull requests, and pointing motivated developers towards the project roadmaps and development initiatives at the global Hyperledger web sites. It should also make sure to expose new users to the broad range of projects at Hyperledger.

**Meetings**
All Hyperledger meetings are run covered by the following Antitrust Policy.

- Teleconference bi-weekly meetings on Wednesday 10–11 AM (GMT+8).
- Welcome to join the next meeting using zoom. Test in browser in advance https://zoom.us/test zoom.us

**Working Areas**
The team is working together in the following areas:

<table>
<thead>
<tr>
<th>Areas</th>
<th>Description</th>
<th>Contacts</th>
</tr>
</thead>
<tbody>
<tr>
<td>Development and Innovation</td>
<td>Help lead the development of hyperledger projects in code, tutorial, demos, with instructions on mailist, rocketchat, etc.</td>
<td>Zhangjiong Xuan, Dijun Liu, David Liu</td>
</tr>
<tr>
<td>i18n and Education</td>
<td>Help lead the documentation writing/translation, seminar and education/trainings</td>
<td>Lidong Guo, Yang Cheng</td>
</tr>
</tbody>
</table>
Collaborations and Scenarios
Help encourage the collaborations between organizations and projects, with landing more scenarios/apps
Dorothy Cheng, Scott Long

Events Organization
Help instruct the events organization like meetup/hackathon
Jiannan Guo, Zhenhua Zhao

Committee Board

Active Members/Volunteers

If you are willing to make continuous contributions in TWGC, feel free to do self-nomination in the mailing list.

If you have made continuous contributions (3+ months) in TWGC, welcome to contact committee board get nominated as Active Member in the mailing list.

Nomination email includes recent evidences of contributions from nominee

Evidence of contributions include but not limited to:

- Propose, join collaborative plan/work under Hyperledger
- helping new developers
- organizing events
- promoting Hyperledger technologies
- contributing code, documentations or translation work
- Actively participate in TWGC bi-weekly meeting

If keeping inactive for 3+ months (e.g., not show up in meetings/events), will consider to retire. It is possible to become active again via the nomination process.
