2020-06-10 Meeting Notes

1. PR Discussion.
   a. WASM PR for BBS+ signatures.
   b. Some philosophical debate on how we should be handling signature crates.
   c. Is the plan going forward to have a unified zmix? What's the approach for a zk language system.

2. Non-revocation range tree (Andrew) RFC.
   a. Needs a threat model, but idea looks good.

3. Discussion of cryptographic accumulators
