Agenda

refine and build on the ideas for Hyperledger Global Forum that have been raised since our last session (thanks Alissa, Karen, and Rod for your input thus far).

Just a few of the areas we're hoping to see some idea exchange are:

- Speaker Diversity
- Attendee Diversity
- Proposal and Event DCI Best Practices

Working page - [DCI:DCI @HGF 2021](#)

Discussed Registration questions related to diversity- and we looked at the registration details that we can gather and report on

Do you have a dis/ability that we should be mindful of as we try to accommodate everyone for this event?

No ▾

We want to encourage greater diversity within the open source community, and demographic information helps us achieve that goal. It is collected solely for the purpose of compiling, analyzing and disclosing aggregate statistics regarding diversity of attendance at our events, to help track progress towards meeting our commitment to diversity initiatives.

Consent to provide demographic information for the purpose listed above is optional and purely voluntary, and is provided by selecting an option from the drop-down for the corresponding category. Demographic information is considered confidential and private. It will not be shared with others as part of your registration details, nor will it be used to subject you to adverse treatment. It will be used only in aggregate form for reporting attendance totals.

Should you choose to provide any demographic information, you may request removal of that information at any time by writing to privacy@linuxfoundation.org.

Do you identify as a person of color?

No ▾

What gender do you identify with?

Woman ▾

How old are you?

40-60 ▾

Action items

- Review and add additional thoughts and ideas DCI goals for HGF - <https://lists.hyperledger.org/g/dci-wg/topic/81583414#326>
- [Daniela Barbosa](#) to find examples of LF events Better Together Diversity Social, Women in Open Source lunch, Speed Mentoring Programs and Kids Coding Workshops
