Antitrust Policy Notice

Linux Foundation meetings involve participation by industry competitors, and it is the intention of the Linux Foundation to conduct all of its activities in accordance with applicable antitrust and competition laws. It is therefore extremely important that attendees adhere to meeting agendas, and be aware of, and not participate in, any activities that are prohibited under applicable US state, federal or foreign antitrust and competition laws.

Examples of types of actions that are prohibited at Linux Foundation meetings and in connection with Linux Foundation activities are described in the Linux Foundation Antitrust Policy available at <http://www.linuxfoundation.org/antitrust-policy>. If you have questions about these matters, please contact your company counsel, or if you are a member of the Linux Foundation, feel free to contact Andrew Updegrave of the firm of Gesmer Updegrave LLP, which provides legal counsel to the Linux Foundation.

Discussion

- Ideas for breaking down the silos ([SIG Request for Support from Technical Community: Labs and technical documents have been created in isolation so far and don't tend to connect with projects](#))
 - Communication - use the developer newsletter for including information about what is happening in the SIGs, WGs
 - Also include a section in the newsletter on what's going on in the TSC
 - Need a unified mission
 - Contributathon across projects
 - Brokering and fostering relationships
 - Provide opportunities to meet others
 - Pitch slide for each project, lab, WG, SIG including (1) who we are (2) where we need help
 - Need visibility - one combined list of collaboration points
 - Can we use a hackathon model to prove out ideas from a SIG
 - Exposure to other's ideas
 - Include an announcements section at the start of each meeting to discuss things that are happening outside your bubble
 - Automated aggregator
 - Maintainer training/guide
 - 1st PR to a project has a sherpa
