The Learning Materials Development working group reports to the Hyperledger Technical Steering Committee. It is focused on developing open source training material (licensed as specified by the Hyperledger Charter) to educate people interested in expanding their knowledge of Hyperledger and its projects. The working group will consult with other Hyperledger working groups, Hyperledger team members, and the project maintainers to identify training needs and develop strategies, as well as, material to address those needs. The output of this working group will be targeted towards both technical and non-technical audiences.

Teleconference bi-weekly on Mondays 10 AM Pacific. See the Calendar of Public Meetings for the next meeting and dial in details.

Hyperledger Global Forum 2021 will take place virtually on June 8-10. The event will offer the opportunity for users and contributors of Hyperledger projects from across the globe to connect, network and collaborate. Registration is now open as well as the call for proposals. Register today.

Hyperledger Mentorship Program. Mentorship project proposals Calling all project maintainers, contributors and active community members who are passionate about teaching, mentoring, and onboarding new contributors to get involved in this year's program.

Mentorship Projects 2021 Projects
This is the 5th year of the Hyperledger Mentorship Program. The program has grown steadily over the past few years; it has connected many mentors and mentees from around the globe to contribute their enthusiasm, time, and experience toward building a more sustainable Hyperledger community. You can learn more about the growth of this program and previous year's mentees' contributions and mentors' reflections by reading some of our blog posts:

10 things to know about Hyperledger Mentorship Program . www.thegivingchain.org

Hyperledger and the whole Linux Foundation are big believers in the value of mentorship in growing open source communities and we invite active contributors and community members to get involved in this initiative.
