

2019 Q4 Technical Working Group China

Working Group

This report covers Technical Working Group China

Working Group Health

WG is overall healthy. It has kept its momentum in attracting new volunteers and contributors.

Questions/Issues for the TSC

- Increasingly users in this region request support for China Cryptographic Standards. WG should work closely with project maintainers

Overall Activity in the Past Quarter

- An election has been carried out and we have [Jay Guo](#)[David Liu](#)[Zhangjiong Xuan](#) leading TWGC for 2019-2020 term
- Translation for Fabric 1.4 is completed. WG started accessing plan for Fabric 2.0 and other components
- 2 meetups have been held, one in Beijing and one online, from Consensys on Besu

Planned Work Products

Translation, Meetup

Participant Diversity

WG participants are geographically distributed across all major cities in China, and affiliated with many different companies, ranging from tech giant and startups.
