

# 2019-07-03 Meeting Agenda and Notes

## Date

03 Jul 2019

## Attendees

- [Sofia Terzi](#)
- [Mark Wagner](#)
- [Vipin Bharathan](#)
- [Iurii Vinogradov](#)
- [Sean Young](#)

## Discussion items

Time	Item	Who	Notes
5min	Antitrust Policy		<a href="https://drive.google.com/open?id=1PVka-FrbtGWE-hrx0xRc2TQ6lwX_BcFk">https://drive.google.com/open?id=1PVka-FrbtGWE-hrx0xRc2TQ6lwX_BcFk</a>
5min	Introduction from people new to the call		
40min	<ul style="list-style-type: none"><li>• Discuss <a href="#">Vipin Bharathan</a> and <a href="#">Mark Wagner</a> proposal for collaboration on a provenance use case for the Performance and Scale working group <a href="https://docs.google.com/document/d/1pARtxESnOqQVJabERC5hxFupyfZWCWtOnxsLVtHP4Y/edit?usp=sharing">https://docs.google.com/document/d/1pARtxESnOqQVJabERC5hxFupyfZWCWtOnxsLVtHP4Y/edit?usp=sharing</a></li><li>• Discussion before Submitting Paper <a href="#">Blockchain 3.0 Smart Contracts in e-Government 3.0 Applications [Review]</a></li><li>• Discussion before Submitting <a href="#">Taxonomy [REVIEW]</a></li><li>• Discuss <a href="#">Smart Contracts Business and Use Cases (DRAFT)</a> and begin crafting templates for each one of them</li><li>• Discuss any subject for other work products (i.e. <a href="#">What is a Smart Contract? (WIP)</a>, <a href="#">Interoperability (WIP)</a> etc.)</li></ul>		<p>We discussed the Provenance project, Vipin and Marc explained thoroughly the google doc regarding the different sections. Iurii offered to share their work at Soramitsu on the Provenance use case. A page was created on the wiki for this purpose, to share resources between the two groups regarding this use case. The goal is to create Smart Contract templates and the SC working group can start working on them after the Provenance use case takes its final form. Sofia asked about the legal aspects of the case and Vipin proposed to keep it as simple as possible in the beginning in order to be able to run it on several frameworks and get performance results. So another goal is to make the templates generic, in order to enable their development on different frameworks.</p> <p>We also discussed the Taxonomy work product and agreed to send it to the TSC for a review. Iurii said he will make some changes and Sofia said she will send it for review after they have been committed to the mind map.</p> <p>A short presentation of other working products was carried in case someone was interested to work on them.</p> <p>The Performance and Smart Contracts working group agreed to stay in touch to work on their common project.</p>
10min	Any subject not on the agenda		

## Audio recording
