5min	Introduction from people new to the call		Marco Carvalho introduced himself to the group
40min	Discuss Work Products <ul style="list-style-type: none"><li>• Smart Contracts Taxonomy Categories</li><li>• Smart Contracts Business and Use Cases</li><li>• Smart Contract Language Review (WIP)</li><li>• Contract Law 101 [DRAFT]</li></ul>		We Discussed with David and Marco a supply chain scenario to build for the community. I mentioned Laura Spinaci who offered to spread the word for a PoC among her mentees in case someone is interested to help with the development process. I will inform her about the scenario we discussed. Also, we created a web page in order to add a definition and structure for the basic Smart Contract use cases we will include in our PoC. Marco, David and I will start adding information the next days in order to provide a template for developers to follow. I proposed to include also HL Indy for registration and identity purposes on top of HL Fabric and HL Sawtooth implementations. We will discuss further on rocket chat.
10min	Any subject not on the agenda		There were no further subjects so we ended the meeting.
