

# Meetings

Meetings are held on a regular basis and anyone is welcome to join one or to read notes or watch the recordings of past calls. The calls are also open forums, so feel free to add items to the agenda by adding them to the wiki page of an upcoming meeting or suggesting agenda topics at the start of a call. Click on the meeting pages in the navigation area to see details about specific meetings.

All Hyperledger meetings are run covered by the following [Antitrust Policy](#) and the [Hyperledger Code of Conduct](#).

## Antitrust Policy Notice

Linux Foundation meetings involve participation by industry competitors, and it is the intention of the Linux Foundation to conduct all of its activities in accordance with applicable antitrust and competition laws. It is therefore extremely important that attendees adhere to meeting agendas, and be aware of, and not participate in, any activities that are prohibited under applicable US state, federal or foreign antitrust and competition laws.

Examples of types of actions that are prohibited at Linux Foundation meetings and in connection with Linux Foundation activities are described in the Linux Foundation Antitrust Policy available at <http://www.linuxfoundation.org/antitrust-policy>. If you have questions about these matters, please contact your company counsel, or if you are a member of the Linux Foundation, feel free to contact Andrew Updegrove of the firm of Gesmer Updegrove LLP, which provides legal counsel to the Linux Foundation.
