Or Telephone:

Dial (for higher quality, dial a number based on your current location):

US: +1 669 900 6833 or +1 855 880 1246 (Toll Free) or +1 877 369 0926 (Toll Free)
Meeting ID: 403 498 3298
International numbers available: https://zoom.us/u/bAaJoyznp

Upcoming Meetings:

Mar 25 - Review of the US Executive Order on Digital Assets - Jim Mason

Date - March 25, 10 AM EST

Jim Mason will lead a review and group discussion on the new US Executive Order from President Biden.

While Federal Agencies have been monitoring Digital Assets, markets and CBDC for several years, this order accelerates a focus in many directions to study and provide recommendations this year to define new legislation that will radically alter the landscape of Digital Assets, Crypto and CBDC and other financial services once those recommendations are enacted.

We'll also talk briefly about research papers the group can work on as part of the 2022 Hyperledger Challenge.

Look forward to seeing you!

Public Sector Group Overview

Leadership

Jim Mason, Blockchain Practice Leader, Sky Web Team & Paramount Software Solutions, jmason900@yahoo.com
Anjon Roy, Vice President of Market Development at SIMBA Chain, Anjon Roy - Linkedin
Hyperledger Point of Contact: Tomaz Sedej, Ecosystem Manager, Hyperledger, t sedej@contractor.linuxfoundation.org

Past Leadership

Dr. Hanna C. Norberg, Founder & CEO, TradeEconomista, trade.economista@gmail.com
Saptarshi Choudhury, Director Emerging Technologies, Paramount Software Solutions, saptarshi@par mountsoft.net

Please JOIN the mailing list here.

Charter and FAQ

Scope

The activities of the Public-SIG include:

- identifying related use cases, current pilots, and proofs of concept;
- sharing stories of successes, failures, opportunities, and challenges;
- exploring cross-cutting concerns like security, privacy, and identity in government contexts;
- identifying existing or needed common critical software components that would serve the particular needs of the public sector;
- identifying conferences or other opportunities to connect face to face, as well as submit talks or present as a group at an event.

This activity will be automatically recorded in email archives when conducted over the mailing list. When this activity is conducted in other media, it will be captured as notes or other formats and posted to the list (so it is archived), or possibly to the Hyperledger Wiki. This activity might also be turned into reports from the Special Interest group (recommendations to the rest of Hyperledger, for example) or other kinds of content (blog posts, content for publications, etc).

The Public Sector SIG is prohibited from performing or engaging in any form of lobbying or attempts to influence government policy-making or regulatory processes. It is also not intended as a platform for procurement of services.

Work Products

The initial work product will be a set of documents which analyze the space of government and regulatory use cases for blockchain technology. This will be an inventory of example use cases which captures common government processes, which may suggest applications that are built or could be built using software being developed at Hyperledger. The public-sector-sig may also host in-person meetings intended to accelerate the Special Interest Group's mission.

Linux Foundation Anti-Trust Policy Notice

https://r.lfnetworking.org/Antitrust%20Slide.pdf
Linux Foundation meetings involve participation by industry competitors, and it is the intention of the Linux Foundation to conduct all of its activities in accordance with applicable antitrust and competition laws. It is therefore extremely important that attendees adhere to meeting agendas, and be aware of, and not participate in, any activities that are prohibited under applicable US state, federal or foreign antitrust and competition laws.

Examples of types of actions that are prohibited at Linux Foundation meetings and in connection with Linux Foundation activities are described in the Linux Foundation Antitrust Policy available at [http://www.linuxfoundation.org/antitrust-policy](http://www.linuxfoundation.org/antitrust-policy). If you have questions about these matters, please contact your company counsel, or if you are a member of the Linux Foundation, feel free to contact Andrew Updegrove of the firm of Gesmer Updegrove LLP, which provides legal counsel to the Linux Foundation.

Hyperledger Code of Conduct Notice

Hyperledger Code of Conduct:
1. Treat each other with respect, professionalism, fairness, and sensitivity to our many differences and strengths, including in situations of high pressure and urgency.
2. Never harass or bully anyone verbally, physically or sexually.
3. Never discriminate on the basis of personal characteristics or group membership.
4. Communicate constructively and avoid demeaning or insulting behavior or language.
