Diversity, Civility, and Inclusion WG (archived) Home

Notice March 28th, 2022.

Please note that we have moved discussions about diversity and inclusion related initiatives to the Technical Steering Committee calls and mailing lists. This was done to bring these discussions to a larger group of community members, including the elected technical leaders on the TSC. Everyone is welcome to join the TSC forums (including the TSC mailing list, #TSC chat channel and weekly calls) to be a part of these discussions and we encourage you to join the conversation if you are interested in how to make a more inclusive and diverse Hyperledger community.
