Calendar of Public Meetings

Add Meetings To Your Calendar

You can subscribe to the calendar of public meetings calendar by importing this .ICS file into your calendar.

For instructions on how to import .ICS files, check out these how to articles:

- Import events to Google Calendar
- Import or export calendars on Mac

You can also download the calendar in iCal format.

How to Create/Delete Events in the New Calendar System

You must be a subscriber to the mailing list you wish to manage, as well as send email to community-architects@hyperledger.org for Moderator access to edit the calendar for that list.

- A video on how to schedule a meeting.
- A video on how to delete a meeting.

Upcoming Community Calls

Following is a calendar of community meetings. **Times are GMT** – if you need help converting meeting times to another time zone try this Time Zone Converter.

Note: The .ICS file mentioned above is the canonical source of information about upcoming meetings. The web view of meetings below may potentially be out of date compared to the .ICS file information.
