- From computer: <https://zoom.us/my/hyperledger.community?pwd=STZQd0xMZU9xRVVOVnpQM3JNQ2dqZz09>
- From phone: +1(855)880-1246 (toll free US number) or view [International numbers](#)
- Meeting ID: 403 498 3298

Speaker:

- [Shamit Bhat](#), Interoperability Solutions Director GSMA and [Monique J. Morrow](#), Sr. Distinguished Architect, Emerging Technologies, Syniverse Technologies

About the Event:

- **GSMA-DLT Shared Vision for the Telecom Industry:** The GSMA-DLT shared industry vision evolves around the key tenet that Distributed Ledger Technology or DLT cannot be assumed as siloed and certainly involves other business technology enablers. 80% of the discussions must be business focus and 20% technology focused. The ecosystem is multi-stakeholder in nature including Opcos, Wholesale Carriers, Banks, Mobile Players/Enterprise and Policy Makers. This presentation emphasizes DLT opportunities for the Telecom Industry and provides a clear roadmap for moving from POCs to commercialization with demonstrable proof points to maximize impacts for some key use cases.
