**Antitrust Policy** Antitrust Policy Notice: link: <https://www.linuxfoundation.org/antitrust-policy/>

*Linux Foundation meetings involve participation by industry competitors, and it is the intention of the Linux Foundation to conduct all of its activities in accordance with applicable antitrust and competition laws. It is therefore extremely important that attendees adhere to meeting agendas, and be aware of, and not participate in, any activities that are prohibited under applicable US state, federal or foreign antitrust and competition laws. Examples of types of actions that are prohibited at Linux Foundation meetings and in connection with Linux Foundation activities are described in the Linux Foundation Antitrust Policy available at <http://www.linuxfoundation.org/antitrust-policy>. If you have questions about these matters, please contact your company counsel, or if you are a member of the Linux Foundation, feel free to contact Andrew Updegrave of the firm of Gesmer Updegrave LLP, which provides legal counsel to the Linux Foundation.*

### Introduction to Learning Materials Working Group:

The Learning Materials Development working group reports to the Hyperledger Technical Steering Committee. It is focused on developing open source training material (licensed as specified by the [Hyperledger Charter](#)) to educate people interested in expanding their knowledge of Hyperledger and its projects. The working group will consult with other Hyperledger working groups, Hyperledger team members, and the project maintainers to identify training needs and develop strategies, as well as, material to address those needs. The output of this working group will be targeted towards both technical and non-technical audiences.

**[Hyperledger Climate SIG]** Climate Action and Accounting SIG meetings

When Where <https://zoom.us/my/hyperledger.community?pwd=STZQd0xMZU9xRVVOVnpQM3JNQ2dqZz09> (map)

Description The Climate Action and Accounting SIG calls are open to everyone. CA2 SIG Chair Robin Klemens will be leading the group in a virtual white boarding exercise to plan for 2021. The goal of this exercise is to help bring together group members to better understand:

Where you are from in the world? What are your personal goals for participating in the Climate Action SIG? What are the goals for your project(s) this year? What are the goals that you would like the SIG to accomplish this year?

This will be an important meeting that will help us learn about the group and guide our planning to support your goals and the goals of the SIG for 2021. We hope you can attend!

### 3. Hyperledger Announcements:

**Hyperledger Global Forum 2021** will take place virtually on June 8-10. The event will offer the opportunity for users and contributors of Hyperledger projects from across the globe to connect, network and collaborate. Registration is now open as well as the call for proposals. [Register today](#).

**Hyperledger Mentorship Program.** [Mentorship project proposals](#) Calling all project maintainers, contributors and active community members who are passionate about teaching, mentoring, and onboarding new contributors to get involved in this year's program.

#### [Mentorship Projects 2021 Projects](#)

This is the 5th year of the Hyperledger Mentorship Program. The program has grown steadily over the past few years; it has connected many mentors and mentees from around the globe to contribute their enthusiasm, time, and experience toward building a more sustainable Hyperledger community. You can learn more about the growth of this program and previous year's mentees' contributions and mentors' reflections by reading some of our blog posts:

[10 things to know about Hyperledger Mentorship Program](#) . [www.thegivingchain.org](http://www.thegivingchain.org)

Hyperledger and the whole Linux Foundation are big believers in the value of mentorship in growing open source communities and we invite active contributors and community members to get involved in this initiative.
