

Hyperledger FireFly Home

Project	 HYPERLEDGER FIREFLY
Status	GRADUATED
CI/CD Badge	blocked URL
Description	Hyperledger FireFly is the first open source Supernode: a complete stack for enterprises to build and scale secure Web3 applications. The FireFly API for digital assets, data flows, and blockchain transactions makes it radically faster to build production-ready apps on popular chains and protocols.

More Firefly videos are available on the Hyperledger YouTube channel

Communication

Mailing List

- firefly@lists.hyperledger.org
 - [subscribe](#)
 - [messages](#)

Calendar

The FireFly calendar of public events can be found here:

<https://lists.hyperledger.org/g/firefly/calendar>

After logging in a button will be visible on the calendar page which will let you subscribe to the calendar. This means you can add FireFly events to your own Google Calendar, Apple Calendar, etc. and keep up to date with when community meetings are happening.

Chat (for questions and ephemeral discussions)

- [FireFly Discord Channel](#)

Meeting

[Create meeting note](#)

Incomplete tasks from meetings

Task report

Looking good, no incomplete tasks.

All meeting notes

Meeting notes

Plan your meetings and share notes and actions with your team.
