- Meeting ID: 403 498 3298

Agenda:

- Welcome new members, including new member introductions
  - Click here to learn - How to Contribute
- Presentation: **"Collaboration for change - Open source MRV software for forestry, agriculture and other land uses" - Deval Pandya, Director of Technical Steering Committee at Moja Global**
  - In this presentation, Deval Pandya will cover the background to the development of the FLINT software and the moja global organization and provide participants with a clear understanding of how and why the FLINT was developed and why the modular open-source structure was chosen and is supported by Moja Global. Included will be:
    - A Description of first-generation integration tools, and why a new system was needed
    - The core design principles for the FLINT
    - Decision process for creating moja global under the Linux Foundation to manage the open source components of FLINT

Antitrust Policy Notice

Linux Foundation meetings involve participation by industry competitors, and it is the intention of the Linux Foundation to conduct all of its activities in accordance with applicable antitrust and competition laws. It is therefore extremely important that attendees adhere to meeting agendas, and be aware of, and not participate in, any activities that are prohibited under applicable US state, federal or foreign antitrust and competition laws.

Examples of types of actions that are prohibited at Linux Foundation meetings and in connection with Linux Foundation activities are described in the Linux Foundation Antitrust Policy available at http://www.linuxfoundation.org/antitrust-policy. If you have questions about these matters, please contact your company counsel, or if you are a member of the Linux Foundation, feel free to contact Andrew Updegrove of the firm of Gesmer Updegrove LLP, which provides legal counsel to the Linux Foundation.
