Alissa Worley		Accenture	Global Marketing Director - Blockchain/DLT	https://www.linkedin.com/in/alissaworley/ @AWorley414	Chicago		Accenture has a lot of projects in the blockchain4good space (part of Accenture's broader Tech4Good initiatives.) We recently launched our circular supply chain project with MasterCard, AWS, MercyCorps and Everledger to allow individual consumers to reward small producers at the beginning of the supply chain that follow sustainable and ethical practices. We continue to contribute to the ID2020 Alliance and Accenture is a strategic partner with the World Economic Forum.
Ric Shreves		Mercy Corps					
Caine Smith	caine@avaconduit.com	AVA Foundation	Founder	https://www.linkedin.com/in/cainesmith/	Ottawa, Canada + Cayman Islands		The AVA Foundation is a revolutionary, decentralized approach to community, charitable giving and governance in the digital economy. The AVA platform enables creation and equitable sharing of value, including for philanthropic purposes, through a network of curated mobile applications – incentivizing users to better themselves by engaging in everyday activities that simultaneously raise funds for charitable giving.
Chris Kong	blockimpact.humanity@gmail.com	Plutux BlockImpact	Digital Marketer	http://www.linkedin.com/in/chris-kong-plutux			Plutux is on track to be the leading digital assets and securities exchange platform in Asia, focusing on the highest quality security token listings in the most compliant, secure and user-friendly product environment under Hong Kong's Securities and Futures Commission regulatory framework. BlockImpact is a blog delineating what social impacts are eligible brought by our latest tech-savvy world, especially distributed ledger technology(DLT). As DLT keeps further into almost every industry in the world—from government to supply chain to energy and entertainment—there's more to the decentralization phenomenon than algorithms, regulation, and code, concurrent to all of that is the emergence of blockchain culture.
