Agenda

- **Housekeeping**
 - Antitrust notice - <https://www.linuxfoundation.org/antitrust-policy/>
 - This meeting is being recorded
 - Please Mute unless speaking
 - If you have a question use the raise hand feature
- **General Announcements**
 - /Add item/
- **Roadmap Review - Besu Roadmap**
- **Release updates**
 - 22.7.0-RC1 done
 - 22.7.0-RC2 20 July - Danno
- **Work Updates**
 - Peering improvements - ongoing. Some current hypotheses being investigated:
 - Changing the way we detect and eliminate duplicate connections <https://github.com/hyperledger/besu/pull/4001>
 - Changing the default max message size <https://github.com/hyperledger/besu/pull/4120>
 - Checking if a peer is disconnected by the time we add them <https://github.com/hyperledger/besu/pull/4100>
 - Adding discv5 support - starting investigation this week
 - <https://github.com/hyperledger/besu/issues/4087>
 - there is a spec
 - discv5.1
 - using the consensys/discovery library which would be v5.1 and which is used already by Teku <https://github.com/ConsenSys/discovery/pull/72>
 - Eth_call performance improvements - starting investigation next week
 - <https://github.com/hyperledger/besu/issues/3926>
 - GraphQL spec updates - Danno - some EIPs that would be good to add - PR up for review <https://github.com/hyperledger/besu/pull/4112>
 - more changes after this to add some quality of life improvements
- **Other Business**
 - Add GitPOAP badge to README (added by Daniel): PR [#4107](#)
Notes by Daniel: I will not be on the call, but maybe a decision could be made if this PR should be merged or not. I don't have a strong opinion either way.
 - no objections
 - add to besu-docs and besu-native also?
 - will it encourage contributions?
 - encouraging contributions to docs specifically would be useful - and is one of the hardest things to get ppl to contribute to
- **Metrics Review - Linux Foundation Project Besu Insights**
- **Open Forum**
 - /Add item/
- **Future Topics**
 - /Add item/
